## hot ice

Spending a hot sunny day at Double Six is now more fun with an ice dog from an ice-cream truck right in front of the beach. Served with a fried hot dog bun, the cold vanilla ice cream gives a new sensation as it melts from the warmth of the bun in your mouth. But before taking a bite, don't forget to decorate your dessert with a selection of the toppings provided, from honey to chocolate sprinkles and strawberry syrup. The sweet treat costs Rp.25,000 and the truck is open for business from Tuesday to Sunday 2pm-6pm.

## asia affair

Flying halfway across the world to carry out research on the attraction between Western men and Asian women for a magazine, Sara finds herself trapped in an enchanting city, leading to a love affair that turns her world upside down. Set in vibrant Singapore, "My Singapore Lover" by Judy Chapman captures how the corporate world can put a woman out of touch with her intuition, femininity and grace. Launched at last month's Ubud Writers & Readers Festival, the book is a must-have, especially for those who seek a journey of self-discovery. Who knows, Sara's story may relate to your own reality.
